

TRANS AWARENESS FOR CHOIRS

Do you want to make your choir inclusive of transgender singers, but you're not sure where to start?

Do you, your committee or your members need a safe, non-judgmental space to learn and ask questions about trans issues and related terminology?

Are you looking for a trainer who won't just give you the basics, but will help you to think about the practical aspects of running a trans-inclusive choir?

KIT HEYAM is an experienced transgender awareness trainer offering sessions that draw on his own experience as a trans choir member and former choir chair. His sessions cover:

- **The basics:** What is gender? What is the gender binary? What do all those terms mean?
- **Practical guidance for choirs:** How are trans issues relevant to vocal parts, rehearsal spaces, costumes and other parts of choir life? How do you handle the interpersonal aspects of running a trans-inclusive choir? How can you use your choir publicity to make potential trans singers feel welcome? And more...

TESTIMONIALS

"Kit had set the training up in a way which invited curiosity and normalised the notion of ignorance / no such thing as a stupid question."

"It feels like the beginning of a larger discussion within the choir."

"As a trans choir member it was VERY USEFUL just to have the space to talk around the issues and not be the sole voice of trans people myself."

"I would definitely recommend Kit to other organisations."
